Designation : : Commissioner

Mobile : : +91 8022353759

Email : : comr.sw@gmail.com

Website : : <http://sw.kar.nic.in>

Profile:

The Constitution of India provides certain special Constitutional safeguards for the welfare of Scheduled Castes and Scheduled Tribes and other weaker sections of the population, so that they could take their rightful place in community. As citizens of the Republic of India, they are fully entitled to certain rights and privileges, which were denied to them in the past on the ground of Caste system and the practice of Untouchability. Keeping in view, the Constitutional mandate, The Government of Karnataka, through Social Welfare Department, formulated various programmes and schemes for the upliftment of Scheduled Castes and Scheduled Tribes (hereafter mentioned as SC & ST) especially for their socio-economic and educational advancement from the year 1956 onwards. Prior to 1956, Social Welfare Department was earlier called as the Depressed Classes Department. It was headed by the Commissioner for Depressed Classes along with an Additional Development Commissioner. He was in charge of schemes meant for the SC/ST people, Denotified Tribes, Nomadic and Semi-nomadic Tribes and economically backward people. Prior to 1956, the officers at the district level were called as Depressed Class Officers. In the four districts of the erstwhile Bombay State, they were called as the District Special Backward Classes Officers and in the three districts of the erstwhile Hyderabad – Karnataka area, they were called as the Social Officer. In 1956 the Department was named as Social Welfare Department and in 1959, the district level officers were re-designated as District Social Welfare Officers, looking after the welfare of SC/STs, Backward Classes, Minorities, Women and Child Welfare, Physically Handicapped, etc. In the year 1975, the Women and Child Welfare along with Disabled Welfare, was separated into a separate department. The Department of Backward Classes and Minorities separated out in the year 1977, and the Department of Tribal Welfare was separated out from this department in 1998.

Address : 29, Ansari Nagar, I New Delhi India 110029

Contact Person : Dr. Rajiv Bahl

Designation : Director General

Mobile : +91 9013742063

Email : secy - dg@icmr.gov.in

Website : <https://www.icmr.gov.in/>

Profile:

The Indian Council of Medical Research (ICMR), New Delhi, the apex body in India for the formulation, coordination and promotion of biomedical research, is one of the oldest medical research bodies in the world. The ICMR has always attempted to address itself to the growing demands of scientific advances in biomedical research on the one hand, and to the need of finding practical solutions to the health problems of the country, on the other. The ICMR has come a long way from the days when it was known as the IRFA, but the Council is conscious of the fact that it still has miles to go in pursuit of scientific achievements as well as health targets

OpenOffers

Name of the Exhibitor : Nawksoft Solutions Pvt Ltd

Address : No.29 A(E), K Wing ,2nd Floor, 27th Main Road,
7th Cross,Bengaluru-560102 ,Karnataka,India

Contact Person : Mr. Vishal Chaudhari

Designation : CBO

Mobile : +91 9322108966

Email : vishal@openoffers.co

Website : <http://openoffers.co>

Profile:

OpenOffers is addressing the problem of candidates backing out last minute from their commitment to join. For enterprise recruiters OpenOffers is a Candidate Commitment Intelligence Platform. OpenOffers aggregates conflicting commitments that the candidates are giving to different enterprises. OpenOffers shows this as an anonymous commitment timeline for each candidate. It computes candidate ghosting score, and candidate joining propensity to identify early on whether the candidate is likely to join or not. They build a network of companies that are relevant to get conflicting signals in about 3 months for each company onboard. 300+ companies are onboard OpenOffers network as of November 2022.

Lowen Women

Name of the Exhibitor : Lowen Women

Address : A-104, Sai Mahal Apartments Karangalpady ,
Kodialbail-575003, Mangalore, Karnataka, India

Contact Person : Ms. Krithika Shetty

Designation : Co-Founder

Mobile : +91 8088207574

Email : krithikashetty@gmail.com

Website : <https://sites.google.com/view/lowen-women/home?authuser=0>

Profile:

A large number of women are held back due to Primary Dysmenorrhea. They are unable to fulfil their daily activities and consequently, resort to using pills for temporary relief. The pills cause many side effects that prove to be detrimental to their health. The statistics show that 71.4% of women suffer from this malady so in order to tackle this problem, our team at Lowen Women has devised an innovative solution in the form of a Dysmenorrhea Massager Belt. This is a futuristic innovation, taking the form of a skintight belt. It can be worn around the waist, thereby relieving women of abdominal cramps and back pain, which will relegate the pain to the past. This solution will transform the lives of women suffering from period cramps.

Profile:

TOUCHLESS ID is becoming a reference in the world of Digital ID through the use of mobile touchless biometrics. We see an increasing need for remote mobile user authentication and we believe biometrics is the best way to ensure user identity, all to protect usability and reduce fraud. We offer multi factor authentication from any mobile device with a camera, and we are based on touchless biometrics, that means we extract the user identity through a picture of a user's fingers, palm or face. Also, we are, ISO, FIDO Certified for Android and iOS. One of the most critical features is our liveness protection, making sure that the solution cannot be spoofed with pictures or videos, allowing only real face/fingers to be processed.

Website : <http://www.digi-crop.com>

Profile:

Farmers do not have right and accurate measurement tools to understand the real parameters like soil moisture, environment humidity and temperature, pH etc., Lack of information causes a delay in understanding the real need such as irrigation needs, nutrient level, and pest/infection situations from the field. Such a gap in understanding causes either excessive usage of resources such as pesticides or insecticides and fertilizer or delay in the right action. The uninformed decision results either in excessive consumption of resources or severe damage to crops. Digicrop platform solution (AiKi) provides integrated solutions for connected fields; IoT-based Sensors, Pump and Irrigation systems connected to the cloud and mobile applications.
